Ohm's law is to electricity and $e = mc^2$ is to energy and matter. The Color-Code Legend was born from the process of identifying the simple within the complex. Try it for yourself.

Wiring Diagram Color-Coding | MOTOR - Automotive Data

Colors often differ from one car manufacturer to another but the code used to identify them in car wiring diagrams is always the same. The color will be noted using abbreviation beside each wire following the exact same pattern: Wire color/Stripe color. For example, a white wire with a black stripe on the side would be identified as WHT/BLK.
